Will Crowd Allow This?

But the question now arises, will the crowd allow Johnson to do this? As soon as the spectators see the black man stalling they will begin to call upon him to fight. If Johnson doesn't fight there is going to be some excitement. It is reported that the men may enter the ring at even money on July enter the ring at even money on July

Both men have many supporters. When they met last in Philadelphia the house was divided as to the winner. Some declared Ketchel won; others said Some declared Ketchel won; others said Langford was easily the victor, whilst many contended for a draw. The majority of spectators were of the opinion that Langford held aloof with a view to another contest. It was evident that Langford let many chances go by where he could have finished his opponent with a knockout. Since then Ketchel has improved. As I say this fight rivals the Jeffries-Johnson contest in popular interest.

Promoters of Big Battle

These two promoters have spent in the neighborhood of \$30,000 in San Francisco building the Jeffries Johnson fight arena, etc., and have also posted \$101,000 as a guarantee that they will pull off the big fight. It is the biggest handicap race of the twentieth century. Gleason and Rickard are on scratch, and Jeffries and Johnson have been placed so far out that there is no possible chance for them to lose. The articles of agreement specify Utab. Nevada and California for the championship battle, and the fighters would not be compelled to go elsewhere. Should these three states refuse to permit the contest, Jeffries and Johnson could then take down the \$101,000 July 4 without even entering the ring.

#### THUNDER AND LIGHTNING STORM CAUSES PANIC

By Associated Press.

SHEEPSHEAD BAY, June 18.—Some 19,000 racegoers were thrown into a panic this afternoon when a terrific storm burst over the Sheepshead Bay course just after the finish of the third race. The big Saturday crowd was without shelter from the rain, which fell in terrents. Lightning flashed all about the track. The very first stroke nearly demolished the jockeys board and ripped up the earth for 100 feet in the infield directly back of it. Some of the spectators managed to huddle into the covered part of the stand, but the majority were drenched.

The feature of the card, the Coney Island handleap at six furiongs on the main course, resulted in an easy victory for Restigouche, the first choice. Herizon, the public choice, scored an easy victory in the Daisy stakes, five furiours, on the futurity course. The last three races were run in mud fetlock deep.
